

SB FLOORHART

PRODUCT INTRODUCTION

STONBULL SB FLOORHART is a ready-to-use, factory-controlled, non-metallic mineral dry-shake floor hardener designed for producing a dense, hard-wearing and abrasion-resistant monolithic concrete floor surface.

TECHNICAL SPECIFICATION

PROPERTY	TYPICAL VALUE
Appearance	Grey Powder
Bulk Density	$1.5 \pm 0.1/\text{L}$ at 27°C
Compressive Strength	60 MPa
Flexural Strength 28 Days	10 MPa
Ambient Air Temperature	$+5^{\circ}\text{C}$ Min. / $+35^{\circ}\text{C}$ Max.
Foot Traffic	72 Hours
